

People. Processes. Performance.

Services and Capabilities

MANAGEMENT AND EXECUTION

We bring decades of experience addressing the needs of our clients

ORGANIZATIONAL DEVELOPMENT

We are expert practitioners in organizational transformation

IT STRATEGY AND GOVERNANCE

We provide seasoned professionals with hands-on successful experience

Exceptional Team

TEAM WISDOM

Our Program, Project Managers, Technologists, SME's and Executive members all have over 25 years of experience in the public and private sector. Our team delivers exemplary results.

CLIENTS COME FIRST

Our goal is always customer-oriented results. We inspire our clients to seek solutions that align with the overall health and synergy of their entire organization and not just localized leadership.

ABOUT US

Muse is owned and operated by a former NASA executive focused on helping clients with their unique needs in an ever-changing environment.

Our team has vast experience managing large organizations in highly-regulated industries and are experts in fulfilling their unique needs.

Muse is large enough toe deliver, but small enough to care bringing the wisdom of decades of leadership and management expertise to customers.

Muse Technologies is an 8(a) and economically disadvantaged woman-owned small business.
